TOSHIBA TEC Australia launches New Multi-sites Quick Service and Accommodation based Hotel/Resort POS Solution

Sydney – April 2010 - Toshiba TEC Australia is pleased to announce an initiative which will see the company selling complete hardware and software solutions direct to Australian Food and Beverage customers with a specific focus on multi-sites quick service companies and 4-5 stars accommodation based hotel/resort companies.

Toshiba TEC Australia will offer a range of software from local and global partners including Cuscapi Berhad, a Malaysian based company and supplier of Transight, one of the leading software solutions used globally by many of the larger quick service companies and international accommodation based hotel chains/groups.

The hardware platform will be based on the range of Toshiba POS systems that have quickly become one of the most popular and reliable adopted by Australian retailers in the food and beverage industry.

"Many of the companies we have spoken with have outgrown their current POS system or the capabilities of their solution provider. Customers now have in Toshiba TEC a solution provider that can provide them with one of the most comprehensive yet cost competitive solution available to the industry, in addition they have the assurance of dealing with a large multinational supplier with the ability to support operations globally as business expansion requires it." said Brendan Trewartha, Managing Director, Toshiba TEC Australia.

For more information on TOSHIBA TEC point of sale systems, cash registers, barcode printers, peripherals and software information systems, or for a dealer in your area, call +61 2 8845 6222 or visit the Toshiba TEC Australia website at www.toshibatec.com.au.

About TOSHIBA TEC Australia

TOSHIBA TEC Australia is a wholly own subsidiary of the TOSHIBA TEC CORPORATION (Japan). TOSHIBA TEC Australia manages product planning, marketing, sales, service support and distribution of point of sale systems, cash registers, barcode/RFID printers, peripherals and software information systems throughout Australia and New Zealand markets. As a total solution provider, TOSHIBA TEC Australia offers a complete package from consulting and system design to system installation, operation and maintenance.
